

PUBLIC DAILY LEDGER

SIXTH YEAR.

MAYSVILLE, KY., THURSDAY, NOVEMBER 11, 1897.

ONE CENT.

LARGEST IN THE CITY.

Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising "notices" free any more than a merchant can give his customer free gifts of dry goods or shoes. A newspaper is a legitimate business concern. Its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

We Knew We Had a Good Thing in the Stock of Goods

We bought by electric light a few days since. There is so much clap-trap clothing advertisements in vogue just now that we refrained from saying very much about the purchase. We simply called the public's attention to it by telling them to look at the display of these goods in our windows and note the prices on them. We knew we would sell some of them. The warm weather left a doubt as to selling a great many now. The doubt is dispelled. Since the day we opened this purchase and placed them in our windows our store has been crowded with customers anxious to secure these unheard-of bargains. We advise our friends who contemplate buying Fall Suits and Overcoats not to let this opportunity slip. It is only once in a long time that circumstances arise that enable merchants to secure first-class clothing that can be sold for less money than the cheaply gotten-up stuff that is flooding the market just now.

Our \$2, \$2.50 and \$3 Custom-Made

SHOES!

That we warrant to give satisfaction and cheerfully return the money if they do not have quickly sprung into favor. Out of town mail orders—and of which we receive many—receive prompt attention. Look at our show-windows; none like them in the state.

Madison County Republicans Will No Longer Countenance Purchasable Negroes.

Richmond Pantagraph.

The "ole black man" laid down on his best friend in Madison last Tuesday to the tune of about four hundred. Just let these fellows stay where they are.

No true Republican will countenance any of them. From this date let their Democratic friends(?) pilot them and advise them, for Republicans are through with them.

ANOTHER ATTEMPT.

Dr. M. C. Wilson Makes a Third Effort to End His Life at Newport.

Dr. M. C. Wilson of Newport shot himself in the mouth at Schinn's Saloon in that city late yesterday afternoon.

Dr. Wilson was at one time Coroner of Kenton county.

He attempted suicide once by jumping from the Newport and Covington Bridge, and at another time by shooting himself.

The revolver with which Wilson shot himself belonged to the proprietor of the saloon.

Wilson stepped behind the bar and secured it. He placed the muzzle in his mouth and pulled the trigger.

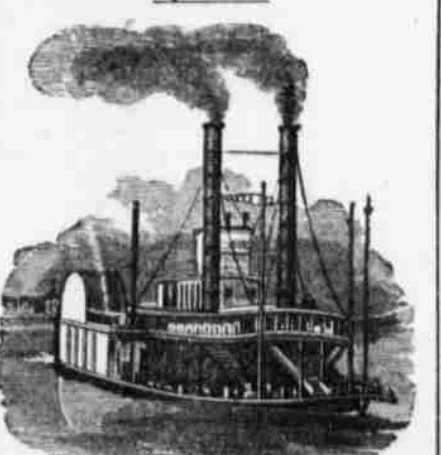

The bullet came out at the back of his head.

As Wilson was being carried out of the saloon on a stretcher he bade everybody goodbye.

It is not thought that he can live. Dr. Wilson is well known in this city, where he has a number of relatives.

THE TALMAGE.

Of the Hawaiian Islands is the Son of Ex-Governor Desha.

Lexington Leader.

Congressman Berry of Newport met the two sons of Isaac Desha during his visit to the Hawaiian Islands last summer.

Desha was indicted for murder in Kentucky more than half a century ago, and being refused bail was pardoned by his father, who was Governor at the time.

Young Desha left his native land never to return, and it was only of late years that Kentuckians knew where he had gone. The mother of his sons was a Hawaiian woman. She and Desha are both dead.

"One of his sons is the most eloquent Minister in the Hawaiian language," said Congressman Berry, "and the other has a position in the Postoffice Department. The Minister is the Talmage of the Hawaiian Islands."

The sons now communicate with their Kentucky relatives. The late American Minister to the Sandwich Islands first apprised the sons of their Bluegrass antecedents.

Friday's Cash Sale

Blankets!

Last April's foresight gives November readiness at the old Tariff free prices—and it's a comfortable swing. Likely to continue only until this lot is exhausted. Who knows how soon that will be hurried with November frosts just around the corner and this blanket stock with all the price bars down—down in this fashion:

At \$3.50 a Pair!

White blankets, pure wool filling, heavy and serviceable, carefully finished, very fine and soft, 72x84 inches, weight 5 pounds, various colored borders. "Mission Mills" Blankets are the famous California brand. We have the exclusive right to sell them here. Securing control of them enabled us to place large orders and lowered prices about one-fourth. They are all pure wool in both warp and filling and are handsomely bound with white silk. 62x80 inches, 5 1/2 pounds, \$5 a pair. If these two blanket offerings are favored with intelligent examination the present stock will be unequal to the demand. The merits are not represented by catch penny prices. They make an honest appeal to the most critical judgment.
